

Letter From Our Former Barbourville Cor-
respondent.

VALPARAISO, IND., Oct. 30.—This is a city of 7,000 to 10,000 inhabitants, situated 44 miles east of Chicago on the Pittsburg, Fort Wayne & Chicago railroad, the Chicago & Grand Trunk railroad and the New York, Chicago & St. Louis railroad. It contains some of the nicest residences and best business houses to be found in northern Indiana, to say nothing of its public buildings. Valparaiso, the county seat of Parker county, has the finest court-house in this State and is equal to it if it does not excel the Lexington, Ky., court-house. The surrounding country is generally level; but few hills and no mountains to speak of. There are considerable swamps, which are being rapidly drained and as a consequence will in a short time become tillable land.

The chief farm products of this section are corn, wheat, oats and potatoes, large quantities of hay being raised. This is a great wheat growing country and Indiana has this year the distinction of raising more wheat than any other State in the Union.

Commencing with September 23d, there was held at this place a five days' county fair, which was well patronized by other counties in the State. There were many nice farm products exhibited and some very fine races were witnessed, but nothing to compare with Central Kentucky's average county fair races.

One of the most noted things that this State possesses is the great Normal School, located at this place, known as the Northern Indiana Normal School and Business Institute. This is the greatest normal school in the world and a greater number of students gather at this seat of learning than at any other in the land within the period of one year. The school is only 15 years old and last year 3,000 students matriculated in the different departments. Aside from the regular commercial-business and normal department, there is a fine art, music and law department, and after this year there will be a medical department. The business department especially is very thorough. As to the law department, there is a regular two years' course, which has for its instructors ex-Congressman Mark L. Dematte, of this district, ex-Judge H. A. Gillette, of the 31st Indiana circuit, and A. L. Jones, A. M. The school will most likely be a university after this year, as the faculty have hinted such, and are now expending considerable money on a new college building and chapel hall.

In the winter time this is rather a cool climate for a Southern "citizen" who seeks to better his chances in life at this point, as we get the benefit of the breezes from Lake Michigan and are not such an awful distance from the other great lakes.

These cool, frosty October mornings about the hour of 6 one can see students hustling in every direction from their respective lodgings to their boarding-halls, where a great dish of boiled Irish potatoes, lighthouse, maple syrup and a cup of common store tea patiently await their arrival, which at dinner and at supper are generally repeated. Sometimes for dinner there is added to this already gorgeous bill of fare a plate of boiled beef, a glance at which will generally tell the "financial" (?) circumstances of the cow or ox previous to its demise. Everything goes by the word "terms," tuition, boarding-houses and all, but terms are generally cash.

This is a great place to study human nature, as persons of all classes, circumstances and conditions come here, and often you find the college boy who has finished his course in some other college coming here to the normal department to renew a certain branch of his former studies.

With best wishes for the editor and trusting that the popularity of the I. J. will larger and wider grow and that the length of this missive will be pardoned, I beg to subscribe myself yours very truly,

LEWIS D. SAMPSON.

Mr. E. C. Walton, the popular and successful business manager of the Stanford Interior Journal, has given up newspaper work and gone to Georgia to engage in business with his brother, T. R. Walton, Esq., in the grocery business. His brethren of the press all wish him success in his new home.—Falmouth Democrat.

Bright newspaper men are leaving the profession. Polk Johnson glibly talks of "we retail druggists" and now Ed Walton, brother to our Sir Hubert, goes to Georgia and the grocery business. May he never regret it, but may he come back soon.—Newport Journal.

Dr. Rea, the widely-known physician, who is making regular visits to this city, has given such universal satisfaction by his treatment that those who were at first skeptical of his power and ability to do them good, are now overcoming their prejudice and going to him for relief. Dr. Rea guarantees satisfaction in every case treated and never undertakes to cure an incurable case. He will be with us again next Friday.

HUSTONVILLE.

—A series of services was begun at the Christian church Sunday. Mr. Tarpe was expected to arrive Monday, and one of the most refreshing and profitable meetings held at Hustonville in a long time is expected.

—Circulars still struggle in the Water-works Company of Hustonville. The last was from a metal roofing company, that certainly thinks it expedient to shed the reservoir in deference to the prejudices of such consumers as prefer spring water.

—Miss Lou Cowan has been on the serious sick list for several days, but her physician pronounced her condition much better Sunday and prospects good for an early recovery. A few others are in hands of the physicians, but their ailments trivial.

—Dr. Brown started to the mountains yesterday on what he proposes shall be an annual deer hunt the next 25 years. His friends hope that he will bring not fewer than the antlers of two mammoth specimens of the cervus Virginianus. Charley Bohan accompanied him, with a supply of cartridges loaded with No. 10 shot, presumably, as he has been led to believe that quails are as plentiful as reported at one period of the Israelites' experience while lost in the woods, and as easily captured. So he went without a dog.

—The directory of the Hustonville & Bradfordsville Turnpike submitted their improvements to a committee of inspectors last Thursday, but their work was pronounced short of requirements. Despite this adverse decision the poles were again in operation Saturday and toll collected. Another blockade was promised Monday and it is predicted that somebody will probably get hurt before this trouble is settled. The gate at our end, being within Lincoln's borders, has not been molested since the skirmish lines were drawn in and a temporary truce formulated.

—The keenest regret, is felt in the West End that Manager Ed Walton should have been inveigled into an enterprise, which will rob us of the great pleasure of his frequent visits. Should the fates in their inscrutable discriminations, have any disappointments or misfortunes to spring upon him in his struggles for success in new fields, he can ever revert to Stanford and this place with a solacing conviction that there are many warm friends—and not all men—whose sympathies are as warm, as sorrows would be profound were their situations the same.

—A neighbor has cherished and trained a brace of fine setter pups since last spring with high hopes of grand sport shooting over them this season. When first taken afield they performed beautifully, soon finding and pointing a flock. At report of a gun they tucked their tails and retreated. As he put in last season trying to break a gun-shy setter, which he accepted as a present, believing the weakness curable, his discomfiture may be imagined. His 5-year-old boy is an expert with an air-gun and those pups have stopped so many missiles from that gun that a stick pointed at them suggests urgent business elsewhere, and a pair of otherwise most promising dogs has been spoiled.

—Last Tuesday night and Wednesday morning the lightning struck this end in the guise of an officer, whom even John Drye's vicious dogs couldn't scare, armed with authority to make an appointment with any fifty of our good housekeepers, who are not exempt from jury service, to meet at the court-house at 9 o'clock Wednesday morning. Blue spots of varying sizes were thick as rings of smoke from the stack of a slipping engine on a 90-foot grade that morning, but the boys all got back to their work that afternoon and many are almost enthusiastically complimentary of the excellent mineral waters and appetizing grub that they found at the different hotels. A few whose patriotism enhances the excellencies of everything at home, failed to discover that Stanford's two for a quarter is in any respect superior to what Hustonville cheerfully furnishes at the rate of a dollar a dozen, when as many at three are taken at one sitting or standing.

—Selfishness and the old weather makers' promises of a slushy winter as a sequel to this destructively dry fall, suggest the desertion of our popular shoe-maker, J. W. Russel, and we voice the entire community's wishes when we express a hope that some first-class workman shall conclude that there is no better location and come right along, for store shoes are not always so constructed as to be conveniently and cheaply adapted to the (as we heard Bobbitt in an undertone define the word to one of his many victims he had cornered last week) idiosyncrasies of some of our feet in shape of knots, bunions, corns, webbed toes and old socks, which have been lost in the accumulations incident to a long, hot, dry spell. Many farmers have scooped holes in the beds of branches in quest of water and some have found enough for present demands. Others have been disappointed and resigned themselves to daily drives to the nearest

pools accessible, whilst still others are rubbing up on the science (?) of water-witchery before digging.

—The Hustonville Hunting and Fishing Club pitched their tent at the mouth of Goose Creek, near Dunnville, and put in a week which was crowded with enough first-class fun to extend the greybeards' leases fully the limit of one census. Judge Henry Rice and Henry James, of Richmond, and B. G. Boyle, of Danville, were guests of half a dozen members who managed this excursion and henceforth invitations will be sent sealed to be opened at an appointed hour as the only way possible to get off next time without the unpleasant necessity of not understanding divers hints of a willingness to go. Gill Boyle and Carroll Reid kept camp in a bountiful supply of quail and there was always a surplus of fish. Jim Allen found a six pound cat on one of his set outs, Judge Rice captured the biggest bass of the trip, a four-pounder, and Billy Weatherford strung the only salmon. The club rigidly restricted their bait to two varieties, minnows and Salutaris water in handsomely labeled and tin-foiled, full measure bottles. The discrimination in favor of tin foil to tip the Salutaris bottles, was through deference to the extreme solicitude of one or two of the party about the issue of the Ohio campaign. Some of our bucolic friends will probably be spared reference to an encyclopedia by the information that the "Salutaris" and "Old Pepper" are in the same list of synonyms. "Monkeys on the back" was overheard by an eavesdropper in a mystifying connection, but nothing has leaked yet which enables Mrs. Grundy to satisfactorily incorporate that ingredient with her forthcoming dish of hash, but many imaginative individuals imagine that they can guess the riddle. The waters are extremely low and it was not thought necessary to take along any tackle longer than a 22 foot seine (minnow.)

Despite this adverse decision the poles were again in operation Saturday and toll collected. Another blockade was promised Monday and it is predicted that somebody will probably get hurt before this trouble is settled. —A Robertson county couple took the trouble recently to go to the site of Boonesborough, in Madison county, to be married. About 95 editors and editors took the same trouble on themselves two years ago just to eat dinner, and they walked four miles of the distance with their store clothes on and the thermometer standing at 110 in the shade.—Somerset Republican.

—AND DOGS IS NO SPRING CHICKEN. The report of the marriage of Douglas Sherley and Lotta, the actress, is not confirmed. As a matter of fact Lotta is quite old enough to be Mr. Sherley's mother. It may not be generally known, but it is a fact that Lotta, or Lottie Crabtree, is a Kentuckian, and was born in the "penitentiary" county of Hopkins. The Crabtree family is very numerous in Hopkins county.—Owensboro Messenger.

The following is the list of State elections to be held to-day.

Iowa elects State officers and legislature.

Maryland, State officers and legislature, and votes on six constitutional amendments.

Massachusetts, State officers and legislature.

Mississippi, three railway commissioners and legislature.

Nebraska, Associate Justices of the Supreme Court and two Regents of the State University.

New Jersey, part of its legislature.

Colorado, a supreme judge.

New York, State officers, legislature, two supreme court justices and representatives in four Congressional districts.

Ohio, State officers, legislature and votes on amendment to constitution providing for uniform taxation.

Pennsylvania, treasurer and attorney general and votes on constitutional convention and elects delegates to same.

Virginia, half its legislature.

Nine Congressmen will be elected in various States to fill vacancies occasioned by deaths.

CHURCH AFFAIRS.

—Rev. Ben Heim returned from Princetown Saturday and filled his pulpit Sunday. He held a two-weeks' at Princetown and increased the membership by five or six.

—Wednesday, at Red House, Madison county, the corner stone of a Baptist church was laid with appropriate ceremony. After remarks and prayer by Rev. J. E. Cosby, the stone was laid by the venerable Samuel Shearer, aged 92, and a member of the Baptist church for 60 years.

—It is said that a Lexington lady, can, through the known pedigrees of her illustrious ancestors, really trace her descent from Adam. She traces back through Robert Bruce, King of Scotland who traced to Wodin, King of Scandinavia, who traced to David, King of Israel. The Bible gives his lineage back to Adam.

—The methods of the Catholic clergy to force their members to obey their orders is shown in the following: Mrs. Maria Kullburg, of Boston, refused to send her children the parochial school and Father O'Donnell issued from the pulpit an interdiction against his parishioners dealing at her store or associating with her. She says he ruined her trade and she has sued him for \$5,000 damages.

—Dr. F. P. Kerfoot was elected moderator of the General Baptist Association at Williamsburg and preached the introductory sermon, Col Seelye was chosen clerk. The delegates represent 1,451 churches, 143,280 members, contributing to all objects \$30,900.02. The Williamsburg pastor, Rev. W. J. Johnson, made the welcome address. Dr. H. A. Tupper, of Louisville, responded. Rev. A. V. Sizemore was appointed chairman of the nominating committee and Rev. J. M. Bruce on ministers' aid. Dr. Felix reported on the Williamsburg Institute. He said that the \$14,000 brick school building was completed and a \$20,000 endowment secured. John D. Rockefeller and Dr. A. Gatliff will each give \$10,000 additional, if \$15,000 more is raised. He made a strong plea for educational affairs in the mountains. A collection of \$2,010 was taken up to start a memorial fund in honor of Rev. H. T. Daniel, who died collecting money for the college.

—The Lincoln County Bible Society met at the Baptist church Sunday night with President A. C. Sine in the chair, who, after Rev. John Bell Gibson had read a chapter and Rev. W. E. Arno'd had petitioned the Throne of Grace, delivered a very fine little address, setting forth the objects of the American Bible Society and what it had accomplished. Secretary J. J. McRoberts read the minutes of last meeting and Treasurer and Depository Bourne made his report. A motion was made to continue the same officers for another year, but President Sine thought the president at least should be changed and a substitute for the motion was adopted to appoint a nominating committee, which was named as follows: S. S. Myers, M. F. Elkin, J. S. Hughes and J. H. Baughman, who reported through Mr. Myers that after much persuasion the rest of the committee had induced M. F. Elkin to accept the nomination for president. The resident ministers were named for vice presidents. J. J. McRoberts for secretary and treasurer and Dr. M. L. Bourne for depository and the report was adopted. Short and appropriate addresses were made by Revs. Ben Helm, Arnold and Gibson, after which the next annual meeting was fixed for the first Sunday in November to be held at the Christian church. The president appointed the following executive committee for the year: Mrs. A. J. Earp, Mrs. J. P. Bailey, Mrs. W. G. Raney, Mrs. S. P. Staggs, Mrs. H. J. McRoberts and Messrs. G. G. Wine, J. S. Hughes and S. S. Myers and after a song the meeting closed with the benediction.

HUBBLE.

—Dr. Carpenter was called to see Uncle Greenberry Bright, who has been very sick for a few days. The doctor thinks he will soon be out again.—S. Dunbar is hauling rock for the foundation of his new house, which he aims to build on the pike. J. W. Bright is about ready to move into his cabin in his yard till he can build.—Miss Maggie Swinebroad is expected home soon and her many friends will be glad to meet her again. Miss Hattie Robinson and Jas. B. have been on a visit to Wilsonville to witness the marriage of their cousin, Miss Ora Scott. Mrs. Joe Swope has returned from a visit to her many friends in Bradfordsville. Mr. Dave Swope, of Lexington, who has been visiting his brothers, Joe and Ben, here, returned to his home Saturday.—Joe Swope is hauling lumber to build his barn. Thomas Wood bought some fat cows here last week at 2.—Spencer Higgins, of color, has been granted a pension of \$6 a month. We get the I. J. as a rule via Lancaster.

—The fastest record on the typewriter is held by a young man who wrote 176 words a minute.

W. P. WALTON.

A BRONZE statue of Gen. Williams Carter Wickham was unveiled in Monroe Park, Richmond, Va., last week. It is of heroic size and is inscribed: "Wickham, soldier, statesman, patriot, friend. Presented to the city of Richmond by comrades in the Confederate Army and employees of the Chesapeake & Ohio railway." There was a civic and a military parade and speaking by distinguished orators. The survivors of the Haver Troop were present to do honor to the memory of their old captain, whom they loved so well and whom they followed with dauntless courage to many a bloody field. In a hand to hand fight with a Federal, Capt. Wickham, who was afterwards promoted to brigadier general, was severely cut with a sabre and came near dying, but the first moment he was able he was back to his command. Subsequently he was elected to the Confederate Congress, for which position he resigned his army office just long enough to attend. After the war, Gen. Wickham cast his fortunes with the republican party, which estranged him from his neighbors and friends for awhile, but it turned out to be the best for them. His influence in the North brought much capital to Virginia and through his position as vice-president of Chesapeake & Ohio railroad, he was enabled to give hundreds of his old friends paying situations, and many a poor Confederate got his start in that way. He was highly thought of at his old home in Hanover county and his admiring constituents elected him to more than one office, including the State Senate, notwithstanding the district was overwhelmingly democratic. The writer was raised not far from his home and knowing him ever since he could recollect, has always regarded him with intense admiration. Gen. Wickham was a matchless soldier in war, a most enterprising and useful citizen in peace, and his service to his State and section deserves that his memory be handed down to posterity in even more enduring form than in stone and bronze. In the hearts of those who knew him it will be always as written in letters of gold and pictures of silver.

MR. STERLING is all torn up over a scandal of large proportions. Mr. Wilson, who has a pretty wife, had occasion to go to Richmond last week. He returned home two days earlier than he expected and to his horror and surprise found his wife and a congenial party of fast married women and male libertines enjoying a wine supper. He tried to get in and the racket he raised flushed the covey. Hon. C. R. Brooks, ex-commonwealth's attorney, got out unmolested, but Charles Pangburn caught one of five shots in his hip. John Hazelrigg jumped through a window, taking the sash with him, and boarding a train has not since been heard from. Mrs. Hainline was one of the women caught and she and Mrs. Wilson are now defendants in divorce suits. Wilson is still on the war path and the end is not yet.

FRIDAY night an army of coal miners swooped down on the convict stockade at Briceville, Tenn., and after capturing the guards without hardly a show of resistance on their part, they released the 306 convicts and set fire to the buildings. Most of the convicts were furnished citizens' clothes and they are still at large. It was a high-handed method of relieving themselves of convict labor and the participants deserve to suffer for their lawless acts, but it must be confessed that they had grievous provocation. The cowardly legislature, called to give them relief, adjourned without doing so and the courts seemed powerless to help them. Such acts, however, if permitted to go unpunished, will produce a state of affairs worse than anarchy and Gov. Buchanan will have to act more promptly than he has.

FOUR years ago Malcolm McIntyre sued the Owensboro Messenger for large damages because the paper charged that he got himself on a jury in a murder case in order to help acquit the prisoner. The lower court decided in favor of the paper and McIntyre appealed. The court of last resort, after three years, has finally affirmed the decision and Urey Woodson comes out on top, as usual, because he never makes a charge that he is not certain he can verify.

THE Owensboro Inquirer announces that it has become an incorporated concern, with G. C. Givens as president and A. J. Casey, late of the Russellville Herald, as secretary. Mr. Givens has been the entire owner, as well as editor, but finding the work too heavy, has entered into an arrangement which will prove beneficial to him and strengthen the paper in every department.

SENATOR QUAY, who was charged with stealing half a million from the State of Pennsylvania and made no row about it, feels very much hurt that the papers should publish the fac simile of the Bardley certificate of deposit for \$8,887 from the Keystone Bank, and has accordingly instituted several libel suits. This seems to be of the nature of straining at a gnat and swallowing a camel.

THE legendary history of the Swiss Confederation must ever prove a theme of absorbing interest to those who revere the names and honor the deeds of the unvanquished freemen of Uri, Schwyz and Unterwalden. Of the literature of the day, no work has taken a deeper hold on public favor than Hon. Boyd Winchester's Swiss Republic. Not so much indeed because it is well written and appears to be an accurate description of much which the author himself saw during the four years of his diplomatic service, nor yet because the historical recitals are in exact accord with the most ancient historic documents, but because the truth of history has been embodied in the light of the author's own genius. As the true Saxon character is better depicted in the person of Cedric by Scott in his immortal Ivanhoe; the chivalry and knightly faith of the cavaliers in the person of Henry Laun Woodstock, so are the fortitude, the courage, the will, the patriotism of the Swiss mountaineers of the 13th and 14th centuries better illustrated by the legends of Arnold Melchthal and William Tell, than by statistics and the dry details of history. Among the beauties of the Winchester book is his faith in the heroic tales which have come to us down the stream of time about those indomitable patriots. He shows us that it was not a mythological marksman and impossible ballist who figured in the apple shooting episode, which led subsequently to Gessler's death. He shows us that it was, indeed, Arnold Winkelried, who through Austrian spears made way for liberty at Sempach and forever established his claim to the immortal martyrdom of his country's freedom. As a whole, the book is a glorious tribute to a people, of whom it has been said that for 500 years there has not been known among them an individual instance of cowardice and treason. The Swiss Republic is affectionately dedicated to Hon. Henry Watterson, the author's most intimate friend, and contains 477 pages. It can be had of John P. Morton & Co. and Flexner & Staedeker, Louisville, at \$2, postpaid on receipt of price.

WHILE we hardly expect it, we would not be at all surprised if the democrats carried Ohio to-day. Gov. Campbell has made a glorious fight and deserves to get the 15,000 to 30,000 plurality that he claims. Gov. Boies seems to have the lead in Iowa, New York is pretty sure to go Democratic, while Massachusetts may follow suit. A good deal depends on to-day's elections and the result is awaited with anxiety. We hope and believe that our roster will have ample cause to crow in Friday's issue.

IN view of the fact that many changes in the common school laws will be necessary under the new constitution, Superintendent Thompson has sent out letters to those interested in education, requesting them to make suggestions regarding the changes and calling for a meeting at Louisville Dec. 2, for an interchange of ideas on the subject. The meeting will be a most important one and it ought to be largely attended.

A MINNESOTA judge has decided that a school teacher who administers corporal punishment on a pupil is guilty of an assault and can be prosecuted for it. If such were the law here the youngsters would soon be the bosses of the school-rooms.

JUDGE JEWELL, the author of the expression "politics is hell," beat out his friend, Judge J. Soule Smith, for the democratic nomination for recorder of Lexington, and if he is elected he is expected to modify it to some extent.

NEWSY NOTES.

—Up to date for this year there has gone abroad \$70,000,000 of our gold and there has come back \$20,000,000.

—Senator Carlisle closed the case for the democratic side in a grand speech at the Cincinnati Music Hall last night.

—The Lebanon Enterprise says that W. Q. Emison & Co. are preparing to make 1,500 barrels of whisky this season.

—Henry Lemon shot Levi Simpson in the abdomen over a trivial matter at Middlesboro and he will die. Lemon is in jail.

—An elevator at Peoria, Ill., owned by Kingman, Warren & Co., was burned together with 100,000 bushels of grain. The loss will reach \$90,000.

—The Gillilands have employed a detective to find out who hung Harve and Joe Gilliland for the alleged assassination of Sheriff McHargue.

—Twenty houses in the business portion of Franklin, Tenn., were burned. The loss is \$30,000. Fire did \$30,000 damage to property at Kenton, O.

—L. C. Willis, of Shelby, will contest with Judge DeHaven for the circuit judgeship and the Louisville Times says he is a runner from "end to end."

—Scott county's court of claims allowed \$5,928.41. The county judge gets \$700 and the attorney \$550. As yet we have seen no county equal to Lincoln in expenditures.

—Henry Castle, whom Gov. Brown pardoned from the penitentiary on account of failing health a few days ago, died two days after reaching his home Johnson county.

—Twenty-three moonshiners in the Louisville jail were discovered just as they were about to escape. They had cut through the jail walls so that the removal of a few bricks would have permitted their exit.

—Larkin Nix was lynched at Meigs Station, Ga., for killing a neighbor.

—Hap Carter, minister to the United States from Hawaii, died Sunday in New York.

—Little Chili has got her back up and defies the United States, which demanded indemnity for the sailors murdered in Valparaiso. There'll hardly be war, however.

—The earthquake in Japan was more destructive to human life than first reported. The lowest estimate now places the deaths at 24,000. Several towns were wiped out of existence.

—A Chicago man has on exhibition what he claims is a piece of the skin of the serpent that tempted Eve. This is almost as reasonable as the claim that the seamless coat of Jesus is still in existence.

—The R. B. Cotter Lumber Co., failed at Louisville with \$200,000 liabilities and \$400,000 nominal assets. The Louisville State and Lumber Co. also assigned with \$50,000 liabilities and \$75,000 nominal assets.

—Cotton growers in convention at Atlanta, Ga., adopted a resolution recommending that the acreage raised hereafter be reduced one-third, in order to keep the annual crop within the world's consumption.

—During the democratic parade at Baltimore the reviewing stand collapsed, and 200 persons were thrown into the streets. Senator Gorman was bruised on the legs. Several men and women suffered sprains and broken bones, but none sustained serious injuries.

—Two Shelby county men, of opposite political beliefs, have made a novel wager. If McKinley is elected in Ohio the democrat is to swallow a half pint of castor oil, while if Campbell gets there the republican will swallow the dose. The result is awaited with great interest.

—Thomas A. Williamson, the murderer of Jefferson and Thomas Moore, his own wife and so many other people that, according to his own story, he can not remember the names of all of them, was hung at Sedalia, Mo. His last words were "I ought to have been hung 30 years ago" and all the crowd agreed with him.

—The Oliver Biene, one of the finest steamboats on the Mississippi, was burned to the water at Milliken's Landing, near Vicksburg. The boat carried at the time about 700 bales of cotton and a long list of sleeping passengers. Many lives were lost, the number reaching more than 20. There is a suspicion that the boat was fired by striking deck hands, who wanted revenge.

—It is reported, and denied, that President John H. Inman, of the Richmond Terminal Company, is to retire, and that Mr. Eckstein Norton, Ex-president of the Louisville & Nashville, is to succeed him. The East Tennessee, Virginia & Georgia railroad system is to be divorced from the Richmond Terminal, it is said, and is to form an alliance with the Norfolk & Western and Louisville & Nashville.

—The democratic primary at Lexington resulted in the following nominations: Mayor, J. Hall Davidson; collector, Stephen C. Sharp; recorder, Jas. R. Jewell; attorney, William Preston Kimball; treasurer, James F. Robinson; auditor and assessor, Matthew Foushee; engineer, Peter P. O'Neill; physician, Dr. A. W. Jones; clerk recorder's court, Con. J. Reagan; and keeper work-house, Jas. Wilkerson.

—Joseph Howell a Missouri school teacher, has been sentenced to death at Trenton. He murdered a widow and her four young children and then fired the house. She had yielded to his embraces and when their sin could no longer be concealed, he performed a criminal operation on her, which he did so roughly that she begged him to kill her so as to release her from her agony. He did so and then wiped out the whole family.

FARM AND TRADE ITEMS.

—Corn is being delivered here at \$2 a barrel.

—The Midway Clipper reports sales of 183 hogs at \$3 1/4 to 4.

—Ninety-four new 2:30 performers were reported last week.

—Col. Underwood sold to Will Hubble 3 mule colts for \$245.

—Silas Anderson sold to John Holmes 61,200-pound cattle at 3 cents.

—Wm. Aiken, of Boyle, bought of Wm. Hubble 21 fat cattle at 3 1/2 cents.

—The Sentinel says a Montgomery man sold 200 barrels of corn in the field at \$2.

—D. N. Prewitt bought of West End parties a bunch of extra good yearling cattle at 3 cents.

—J. T. Rose sold to Thomas Chenault, of Madison, 50 feeders for immediate delivery at 4 cents.

—Woodcock & Owens bought of Greenberry Bright 19 1,187-pound cattle at 2 1/2 cents.—Advocate.

—New corn is selling at \$1.65 to \$1.85 in the field. The distillers will probably give \$2 delivered.—Paris News.

—A. T. Nunnelle went to Cincinnati Sunday to dispose of 4 car-loads of hogs he bought in this county at 3 to 3 1/2 cts.

—B. S. Mattingly & Co. are slopping 450 cattle at the Coon Hollow distillery, in Marion, which cost them about 2 1/2 cents.

—A. A. Bonner, of New York, bought of Mock Bros., of Boyle, the chestnut filly, Kittie M., two years old, by Mimic 2:28 1/2, half brother to Prince Wilkes 2:14 1/2 for \$2,500.

—Bronaugh & Middleton sold to John Farris, of Madison, 10 1,100-pound feeders at 3 1/2 and five oxen at the same price.

—T. L. Lillard bought of William Lackey, 18 feeding cattle, weight 1,200 pounds, at 3 1/2 and of Arch Anderson 10 same at 3 1/2.

—Gentry bought a lot of 1,600-pound cattle in Woodford at 5 and James Morris, of the same county, sold 160 of 1,175 pounds average at 3 1/2.

—Dr. C. W. Mathers sold 40 New York cattle—about the best bunch that ever left the county—to Layson & Moore for 4 1/2 cents.—Carlisle Mercury.

—George W. Cravens, of this county, sold to the Lexington Roller Mills Co., last week, his crop of 1,350 bushels of wheat at 97 cents.—Woodford Sun.

—Perrie Lorillard bought of W. H. Landeman, the two-year-old colt Curt Gunn for about \$15,000. He was bought when a yearling for \$375 and his winnings this year have reached \$23,500.

—The horse market at Lexington since the trotting races has been remarkably brisk, and during this month there has been sold at public and private sales in Fayette county no less than \$500,000 worth of horses.

—M. Lewis Clarke, president of the American Turf Congress, has appointed Col. E. C. Hopper, of the Latonia Jockey Club, secretary pro tem. in place of the late B. G. Bruce. The next meeting will be at Chicago Nov. 11.

—A Massachusetts party has put in Mr. J. P. Crow's hands a very fine young stallion by Sultan and a full brother to Contractor, 2:24 1/2. His dam is the dam of Barbara, 2:26, and he already shows great speed. He will probably make the season of '92 at Mr. Crow's stock farm, near McKinney. By the way, Mr. Crow has already booked five mares from the State of New Hampshire to his Belmont Chief stallion.

—O. Redwitz sold his farm of 112 acres on the Lexington pike to B. F. Roach at \$65. Jacob and Cabel Hugueley bought about 65 good feeders at 3 1/2 to 4 cents. F. P. James sold to James and Robert Connell, of Woodford county, 50 head of mules at a little the rise of \$80. A. J. Crews sold to Calvin Hugueley 23 head of 1,300 pound 2 year-old cattle at 3 1/2 and 4 cents. T. F. Alexander shipped 2 loads of fat hogs to Cincinnati, for which he paid 3 1/2 to 3 3/4. D. C. Terhune has sold 17 of the finest mule colts in the county to F. P. James at \$80.—Harrodsburg Democrat.

A rare reptile, a white rattlesnake, was exhibited at a fair in Clarion county, together, it is said, with a photograph of the snake's eye, in which can be distinctly seen the likeness of a farmer who narrowly escaped death from the reptile.

A new type of drawbridge is being built in Chicago to span the Chicago river. By a folding instead of a swinging process no central pier is needed, and greatly increased facilities for navigating the narrow river are obtained.

Western farmers are now urging the trial of a modification of the rain producing system to see if mists cannot be formed at times which will reduce the radiation of heat from the earth and thus save the crops from frost.

MARSHAL NEWLAND is no respecter of persons. He slaps a rich man in jail as quick as he would a poor man and he deserves the praise and the backing of all law-abiding citizens.

It is said that a gang of 20 or 30 of the convicts liberated by the miners at Briceville passed here Sunday. It is stated the State of Tennessee will pay \$25 each for their capture, which if true, will cause many of them to be returned to their punishment.

LAND SALE.—Capt. H. T. Bush, real estate agent, sold for Robert McAlister, his farm near town of 325 acres at \$10. T. D. Newland gets 175 acres adjoining him and Will H. Hays the remainder, which includes the residence and improvements. Mr. and Mrs. McAlister are not determined as to their future home, but we hope they will not leave the neighborhood.

The Methodists are going to have a parsonage. At a meeting of the stewards and others Saturday, it was agreed to buy a lot of M. D. Elmore, adjoining Mrs. Fannie Dunn, on Danville avenue, 65 feet front by 200 deep at Mr. Elmore's offer of \$750 and build a \$1,250 house on it at once. It is understood that Mr. Barney Van Arsdale has subscribed \$300, Mr. J. A. Harris \$300 and other members as liberally according to their means.

THE infant daughter of Mr. Ino. Hendren was thought to be dying as we went to press last evening. The little sufferer's trouble is pneumonia.

THE house of Frank Spratt, on Dix river, burned a few nights ago, with everything he had. The loss is about \$1,000, and as Mr. Spratt is a poor man with a large family of little children, he is in need of assistance.

A FREIGHT train broke in two near Williamsburg Thursday night and brakeman Charles O'Donnell was thrown to the ground, breaking his leg and otherwise injuring him. He was taken to his home in Louisville.

GO TO J. M. Martin's Cash Bargain Store and get 20 pounds of granulated sugar for \$1, Arbuckle's coffee 22 cents, C sugar 22 pounds, good green coffee 17 cents, brown cotton 5 cents a yard. J. M. Martin, Maywood.

THE heirs of G. W. Bird have brought suit for most of the town of Corbin, Whitley county, valued at \$100,000. The property was sold by a decree of court without all the heirs being present, as required by law. O. H. Waddle, Esq., of Somerset, is counsel for the plaintiff.

THE upper corner lot on the square above the jail on Lancaster street was sold under decree of court Saturday to Curtis Watts for \$852. This gives Mr. Watts the entire small square, with the exception of L. M. Bruce's lot, and he tells us that he will build two houses on it next spring.

THE Pulaski detectives are trying very hard to connect Augden Bridgewater, of this county, with the Gilliland gang, but our information is that Bridge has long since given up his wicked ways. A dispatch, however, from Somerset, says that he used to belong to the gang and that he was in council with it Thursday last.

THIEVES entered the spring-house of Miss Becky Spoonamore and stole 8 or 10 pounds of butter, several dozen eggs and other things, and then broke into her hen-house and got away with a dozen chickens. There is much petty thieving going on in the country and some of the thieves will yet get a dose of shot, which will check their wild career.

THE month of October broke the record on the lightness of the rainfall. Only a third of an inch fell, which is 24 inches less than the average. There has not a real soaking rain fallen since last spring and none of consequence for two or more months. Farmers are hauling water for miles and in some localities it is sold at a high price. The owner of the Logan Fort Spring charges 10 cents a barrel for it in the spring and haulers demand about 25 cents more for it in town. Bro. Helm prayed for rain Sunday and the prayers of all the righteous should be lifted for a cessation of the alarming drought.

THE speech in the Saunders case which occasioned the most comment was that of W. B. Hansford for the prosecution. He was particularly severe on the defendant, whom he characterized as a cold-blooded murderer, and claimed he had not a particle of remorse for 14 years.

THE good people wanted him, the votes of the rabble, of who the villain accused him in reply, saying, "gone of which. Mr. Hansford is quite a fluent speaker and his effort was rewarded with considerable applause, which Judge Morrow promptly checked and said if such demonstrations occurred again he would have the court room cleared.

"LITTLE TRIXIE" by May Smith Robbins and a company of artists gave a most amusing entertainment, Friday night, which was greatly enjoyed by a more than an averaged sized audience.

Judge W. R. Carson, who hasn't missed a show in the 11 years that the Opera House has been open, says it was the best he ever saw in Stanford. Miss Robbins is a charming little sourette, who sings well and dances to perfection. Miss Madie Wensley can kick higher and do it more gracefully than most any dancer of her inches, while Miss Angie Russell showed great versatility in the several characters she assumed, besides being a good vocalist. Mr. Fred Robbins as Socrates Winterpippin proved himself a comedian of rare ability, in addition to other accomplishments. In the presence of the audience and in less than two minutes he painted a landscape that many an artist would be proud to do in a day. Charles B. Russell was a splendid negro character and in fact every member of the cast was good. We heartily commend the company to amusement-lovers, with the assurance that every feature of the show is laughable and enjoyable.

—Hugh Seargent sold 16 fat hogs at 33 and bought 14 feeders at 3. He also sold some butcher cattle to M. F. Elkin & Co. at 2 cents.

ANOTHER young man has brought disgrace upon himself and shame on a loving and indulgent father and mother by acting in such a manner as to cause his incarceration in a loathsome cell. He was drunk and disorderly and when Marshal Newland asked his friends to take him home he became very violent and abusive to the officer to whom he applied the vilest epithets. The marshal plead with him to behave and said that he did not want to take him to jail, till patience ceased to be a virtue and he was compelled to show the young fellow that he could be placed in the lock-up. He seized him and with the assistance of Policeman Watson finally lodged him in jail, but he cursed and fought every step of the way and his vile language could be heard blocks away. The next day he confessed and was let off with the usual fine. As this was the young man's first offense, which was of so flagrant a nature as to warrant his arrest, we will spare his parents the mortification of seeing his name in print this time, and we sincerely hope he will give us no occasion to use it in an unpleasant connection in the future and he will not if he respects his raising and acts a gentleman.

THE trial of W. T. Saunders for the murder of Judge Egbert, after occupying the court from Tuesday till 10:30 Saturday, was given to the jury at that hour, which wrestled with it till 5 that evening and reported that it could not agree. Judge Morrow, who makes it a rule to hold the jury in plain cases as long as possible, turned it over to the sheriff with orders for him to report with it at 9 o'clock yesterday.

The testimony as adduced, while not quite so strong as at the examining trial, was still of such a nature as to leave little room for doubt and it seems as if a verdict should have been easily arrived at. With three or four exceptions the members of the jury were not up to the average of Lincoln county juries and their brains were perhaps set in a whirl by the conflicting statements and arguments of the counsel. Speaking of the case a lawyer who sat through it all remarked that it had been badly managed and badly argued on the part of the Commonwealth, which failed to cope with the pugnacious Miller, the eloquent Bradley and the sky-scraping Bobbitt.

Finding that there was no chance for the jury to agree, Judge Morrow discharged it yesterday evening. It is understood that six were for acquittal and 6 for manslaughter. Counsel will at once apply for bail, which under the circumstances the judge will probably lower from the former sum.

Judge Morrow says that it looks now like court will last till the last hour Saturday, when he will have to leave by the noon train to reach his Wayne appointment.

MATRIMONIAL MATTERS.

—A wedding party took refuge from a storm in a building at Tunis and 30 of the party were killed.

—Miss Jenah Justice was given a verdict of \$5,000 damages against James Stamper at Grayson for breach of promise of marriage.

DEATH'S DOINGS.

—Mr. P. Farrell, son-in-law of Edward McCarty, of Danville, died at Lexington.

—William, the eldest son of Dr. J. L. McKee, of Danville, died in Orlando, Fla., where he was engaged in business.

—R. H. Roundtree, a wealthy and well-known lawyer of Lebanon, died Thursday, aged 78. His estate is valued at \$180,000.

—The Somerset Reporter records the deaths of Mrs. Mary Barron, widow of the well-known printer, and Brutus Tartar, son of the late Judge Tartar.

—The deaths of Mrs. Mamie Quinn Taylor, wife of Dr. T. J. Taylor, Dr. Jas. P. Herndon and Mrs. Ann Letcher, the latter 81 years old, are noted in the Richmond Register.

—A dispatch was received Saturday announcing the death of Mrs. Lella Haire, at Lexington, Ga. Her sister, Mrs. Alice Baughman, went to see her recently and on her apparent improvement she started home Friday. When she got there Sunday she was shocked to learn of her death.

—H. T. Duncan, of the Lexington Press, was defeated for councilman. Dr. F. O. Young is among the chosen.

—Senator Faulkner, of West Virginia, who has been speaking in New York, says the State is good for 20,000 democratic majority.

—The big strike of the coal miners in the Pittsburgh district will be declared off to-day. Nearly 12,000 men have been idle for three months.

—Policeman Partin, of Pineville, was acquitted of the killing of John Partin who resisted with a gun when he attempted to arrest him.

—Gov. Buchanan has offered big rewards for the conviction of the miners who released the convicts, and also a reward of \$25 each for the capture of the released convicts.

LOVE.—Love is often but a solitary leaf, but neither storm nor blight can fade it; like the perfume that a dead flower sends forth, it is sweet when all the gay sunshine has departed; when all its bloom is past, it has the fragrance of memory; it is the last lingering beam that glows long after sun and star have set—a refuge from the tempestuous and bereaving storms.—New York Ledger.

Commissioners' Sale.

Lincoln Circuit Court. James Butt, &c., Plaintiffs, vs. Chester Coffey, &c., Defendants. Sale in Equity.

By virtue of a judgment rendered in the above styled case at the October term, 1891, of said court, I will on

Monday, Nov. 9th, 1891,

Being the 1st day of the November term, 1891, of the Lincoln county court, sell before the court house door in Stanford, Ky., at 10 o'clock p. m. or thereafter, at public auction to the highest bidder the following described property, to-wit: A Tract of Land, situated in Lincoln county, and bounded thus: Beginning in the centre of the Stanford and Hustonville turnpike, opposite to where a lane intersects said pike; thence with centre of lane N. 24 W. 15 poles, thence N. 31 1/2 W. 41 poles, thence North 40 1/2 West 15 poles 2 links, thence S 55 1/2 West 10 poles, thence North 66 West 12 poles 10 links, thence S 55 1/2 West 9 poles 10 links, thence leaving the lane S. 12 W. 4 poles 12 links to a stone, Liberty Green's corner, thence his line N. 62 W. 75 poles to a point in centre of branch, 15 feet North of double line that stands on right bank of branch, thence N. 70 1/2 W. 60 poles to a branch at a water gap, corner to Jones and others, thence line of Cecil S. 75 W. 16 poles 16 links to a stone, his corner, thence continuing his line S. 65 E. 70 poles to a stone corner to Kennedy, thence his line N. 35 1/2 E. 41 poles 20 links, thence with same S. 32 1/2 E. 140 poles to a centre of said pike, thence with said pike to the beginning, and containing

102 Acres 2 Roods 7 Poles

Of Land, being the same land conveyed to Mary C. Butt by Pence, except a small portion of same sold and conveyed by said Butt to Jenkins and lies wholly on the north side of the Stanford and Hustonville turnpike.

Said land has a good, comfortable cottage house and other improvements thereon, and is farming land. It is a desirable farm and is about 2 miles from Hustonville on the Stanford pike.

Said sale will be made on a credit of 6 and 12 months, purchaser required to execute bond with approved personal security, having the force and effect of a judgment, retaining a lien upon the land until all of the purchase money is paid and bearing 6 per cent interest from date until paid.

FIRST NATIONAL BANK
OF STANFORD, KY.

Capital Stock.....\$200,000
Surplus.....16,500

Attention of the public is invited to the fact
that this is the only National Bank in Stanford.
Under the provisions of the National Bank Act,
depositors are secured not only by the capital
stock, but by the stockholders' liability for an
amount equal to the stock, so that depositors of
this institution are secured by a fund of \$400,000.
Five sworn statements of the condition of the bank
are made each year to the United States govern-
ment and its assets are examined at stated times
by government agents, thus securing additional
and perfect safety to depositors.

This institution, originally established as the
Deposit Bank of Stanford in 1858, then re-organ-
ized as the National Bank of Stanford in 1865 and
again re-organized as the First National Bank of
Stanford in 1882, has had practically an uninter-
rupted existence of 32 years. It is better supplied
now with facilities for transacting business promp-
tly and liberally than ever before in its long and
honorable career. Accounts of corporations, edu-
cators, firms and individuals respectfully solici-
ted.

The Directors of this Bank are composed of
T. J. Foster, of Stanford;
Forester Reid, Lincoln county;
J. W. Hayden, Stanford;
S. H. Baughman, Lincoln;
M. J. Miller, Mt. Vernon;
S. T. Harris, Lincoln;

SUCCESSOR TO THE LINCOLN NATIONAL
BANK OF STANFORD.

(Now closing up) with the same assets and under
the same management.

By provisions of its charter, depositors are as
fully protected as are depositors in National
Banks, its shareholders being held individually
liable to the extent of the amount of their stock
therein at the par value thereof, in addition to the
amount invested in such shares. It may act as
executor, administrator, trustee, etc., as fully as
an individual.

To those who entrusted their business to us
while managing the Lincoln National Bank of
Stanford, we here tender our many thanks and
trust they will continue to transact their business
with us, offering as a guarantee for prompt atten-
tion to same, our twenty years' experience in
banking and as liberal accommodations as are con-
sistent with sound banking.

A Speedy Locomotive This.

"If the new engine I am about to
have constructed is not capable of mak-
ing 100 miles an hour I'll give her away
to the first person I meet."

This astounding statement was made
by Mr. Jackson Richards, the master
mechanic of the Philadelphia and Read-
ing railroad. Mr. Richards has been
working on his latest invention for the
past ten years, and a few days ago the
drawings were completed and the patent
was applied for.

In outward appearance the new loco-
motive will not differ materially from the
speedy engines now used. The pecu-
liarity of construction lies in the fact
that instead of the two cylinders as used
at present there will be four. One cylinder
will be located on each side of the
locomotive frame as at present, and the
other two will be cast in what is known
as the cylinder saddle. The inside pair
of cylinders are to be in one piece and
will lie on an angle. The outside cylin-
ders are to be horizontal as at present.
The four cylinders will entirely over-
come what is known to engineers as the
dead center, and the engine will be per-
fectly balanced without any counter-
balance in the wheels.

This latter improvement will, to a
large degree, do away with the vicious
pounding which has proved so destruc-
tive to modern roadbeds. The perfect
balancing of the engine will be largely
due to the working of the two cylin-
ders so near center, and these same
cylinders, working as they do from such
a central point of vantage, will help out
in the matter of speed to a great degree.

Sermon by Telephone in England.

The transmission of sermons by tele-
phone to those who from various causes
are unable to attend church services,
which was experimented with in Eng-
land last year, has turned out so success-
ful that steps are being taken to extend
its use on a large scale. Provided with
the receiver specially used, it is said that
invalids can hear perfectly while in bed.
In a quiet room the tolling of the bell
before service is distinctly audible, the
prayers can be followed, the responses
emphasized and every word of the ser-
mon distinguished, while solos in the
anthem are heard as distinctly as in the
church.

Twenty-four calls were recently re-
ceived at the telephone office for con-
nection with a local church in an English
town, and as the number of subscribers
there probably numbered not more than
five, it is evident that the privilege of
hearing the sermon without going to the
church for it was appreciated. In many
of the large towns in England, especially
in Manchester, Nottingham, Stafford,
Wolverhampton, the church telephone
service has come to be quite an institu-
tion.—New York Recorder.

Farming Does Pay Sometimes.

"Well, I suppose you have heard a
great many big stories of our wonderful
crop," remarked Hon. Thomas Simpson,
of Winona, "but I have just heard one
which I know is true and which well
indicates the greatness of this year's crop
in the grains besides wheat." Mr. Simp-
son then related to the reporter the his-
tory of two Winona boys in South Da-
kota this summer, withholding the names
of the young men. Last spring they
rented 3,200 acres in South Dakota at
fifty cents an acre and put in a crop of
flax. From this farm they obtained
50,000 bushels of flax, an average of a
little over fifteen bushels to the acre.
Selling this at ninety-five cents per
bushel the young farmers realized \$47,-
500. Their estimated expense was five
dollars per acre, or \$16,000, and this, de-
ducted from the gross receipts, leaves a
profit of \$31,500 for one summer's work
for two young men. The grain is now
in the elevators.—St. Paul Pioneer Press.

Noble Deed of a Tramp.

Rarely indeed is anything seen in the
papers to the credit of the genus tramp,
but it is likely that many of them are as
brave as Thomas Burns, whose prompt
and daring deed recently saved the life
of a little Italian girl, and shamed hun-
dreds who inactively witnessed the in-
cident. She had fallen into the fountain
of the City Hall park, New York city.
Crowds of well dressed people saw her
peril, but not one of them made an effort
to save her. They stared in speechless
dismay, some of them probably thinking
that water might injure their garments,
when Thomas Burns, whose attire de-
noted him to be of the tramp order, hur-
riedly made his way to the front, plung-
ed in and saved the imperiled child,
whose unconscious body already lay at
the bottom of the fountain.—Yankee
Blade.

Prize Fat Men of the Northwest.

The competition for the prizes for the
greatest amount of adipose tissue finally
narrowed down to three candidates. The
prize for the fattest man was carried off
by F. S. Hammond, of Alpina, who tipped
the beam at 373 pounds. Mr. Ham-
mond is but twenty-three years old and
six feet high. The prize consisted of a
fine overcoat. The second prize, a hand-
some cane, was won by Joseph McKee,
proprietor of the Cactus Call House, who
weighed 282 pounds, and is 6 feet 4 inches
in height.—Portland Oregonian.

Irish Literature.

It is stated that Sir Charles Gavan
Duffy is engaged on a long cherished
project—the preparation of a series of
notable Irish publications—some what
after the style of Cassell's "National
Library" volumes. The veteran states-
man, though in rather weak health, is
still as great an enthusiast in the matter
of popular Irish literature as when, high
fifty years ago, in conjunction with
Thomas Davis and John Blake Dillon, he
started the Dublin Nation.—London
Star.

A Curious Hunter.

Dunbar Jack, who is one of the best
hunters in all the down east region, is
deaf and dumb. He has a camp near
Beldington. He trapped four bears and
a large number of otters, muskrats and
minks last season. Trapping and hunt-
ing is the greater part of his business.

Indians Who Ride in Fine Carriages.

The Sioux nation is rapidly becoming
a nation of aristocrats. During the past
few weeks many fine new carriages have
crossed over here to the Sioux reserva-
tion, and all of them belonged to mem-
bers of the Sioux nation who came here
at different times and purchased them,
paying for the same in good hard cash.
Carriage dealers are now, in conse-
quence, doing a rushing business with
the Indians, and the demand for the
finest and most expensive carriages is in-
creasing, all the prominent and wealth-
ier Indians appearing determined not to
be outdone by any other member or
members of the tribe.

The purchase by one Indian of an ele-
gant carriage is sure to arouse the jeal-
ousy of some other Indian, and then
some rustling is done. Cattle or any-
thing that will net them the money
needed is hurried to the nearest market
and disposed of, and with the money
thus obtained the fortunate Indian will
hurry to a wagon and carriage dealer
and purchase the finest carriage that can
be procured.

The Lower Brule and Crow Creek In-
dians are already the possessors of many
fine turnouts, and should they keep on
as they are now doing every Indian will
soon travel about in a carriage of his
own. If the carriage manufacturers were
painted their carriages a gaudier color
it would result in largely increased
sales, on the frontier at least, but at the
rate the Indians are purchasing it is
quite probable that they are satisfied
with the plain colors.—South Dakota
Cor. Minneapolis Journal.

To Have New Eyelids.

Harvey Chaffee, of East Valley, a well
known oil contractor, who was badly
burned by a natural gas explosion on the
7th of May, is in the city for the purpose
of having the skin grafting process tried
on him. Mr. Chaffee was very severely
roasted. The skin was burned off his
face and neck, and ten holes were left in
his head. The most serious scorching
was that upon the eyelids. They were
completely burned off both eyes, and in
their stead at present is the raw, in-
flamed and swollen flesh. The sight is
most repulsive, but Mr. Chaffee bears
his misfortune with great fortitude.

When asked if his injuries were pain-
ful, he replied: "Yes, sir, they hurt me
right smart at times, but it takes a great
deal to make me grunt. I can stand a
heap. You ought to have seen me when
I was burned. My ears were as big as
your fist and my head as big as a half
bushel measure. I was a regular sight.
You can ask my wife there," and he re-
ferred the reporter to a pleasant woman
who sat near.

The work of putting new eyelids upon
the unfortunate contractor is to be done
by Dr. F. D. Edsall, who said that he
would cut the material for Mr. Chaffee's
eyelids out of the patient's arm. Except
for his burns Mr. Chaffee was in a
healthy condition, and his own cuticle
would perhaps knit more rapidly than
that from another person. The new
eyelids will be bereft of eyelashes, but
utility and a cure is what is sought after
rather than beauty in this case.—Pitts-
burg Post.

Twenty Pound Salmon for a Cent Apiece.

The present wonderful run of salmon
has so glutted the market that for some
time these silver sided beauties have
been selling at five cents apiece, but the
price took a tumble yesterday and sev-
eral fishermen sold a boat load of fine
salmon, weighing about twenty pounds
each, at the pitiful price of one cent
apiece. One cent for a twenty pound
silver salmon, the finest quality of that
excellent fish, is the lowest price perhaps
that a food fish ever sold for in this or
any other country, but salmon are so
plentiful that people do not know what
to do with them.

It is estimated that enough fish could
be taken there in one day to fill 1,000
barrels. Fishermen say they can make
big money by selling salmon at a cent
apiece to the canneries if they will only
buy all they can catch. One man caught
fourteen with a gill hook attached to a
ho handle yesterday, and another man
claims to have found them in such num-
bers in shallow water in the Dungeness
that he threw them out with a pitchfork
and soon got fish enough to last for a
month.—Fort Townsend Leader.

Sharks in Long Island Sound.

An unusual number of large sharks
was reported during September in Long
Island and Fisher's Island sounds. To
these the name of man eater is generally
applied. As a matter of fact, however,
the true man eating shark (Carcharodon
carcharias) is rarely seen on our coast.
This species grows to a length of twenty-
five feet and to the weight of one ton,
being surpassed in size only by the bask-
ing shark. It is a relative of the enor-
mous shark whose teeth once fossil in
the phosphate beds of South Carolina.
Any shark measuring nine or ten feet in
length is liable to be called a man eater,
and not without warrant, for all of them
will attack man with slight provocation
or when suffering from hunger.—Forest
and Stream.

His Distinguishing Characteristic.

Fangle (to Crinkle, Yalevard, '93)—
By the way, I saw a man from your col-
lege at a summer resort. He was carry-
ing everything before him.

Crinkle (proudly)—Yes, sir. That is a
distinguishing characteristic of our men.
What was he doing?

Fangle—Acting as waiter in the din-
ing room.—Harper's Bazar.

Gutta percha is the gum of the percha
tree, which grows in the Malayan is-
lands and that locality. The price of
this article has more than doubled with-
in two years, chiefly because of the waste-
fulness of the natives in collecting the
gum by felling the trees and the in-
creased demand for it in insulating elec-
tric wires.

The peach crop of Maryland was so
great that a fine crop has been left on
the trees, as it would not pay to pick
them. Thousands of trees will be dug
up on account of the rapid spread of the
yellow.

A Wonder Worker.

Mr. Frank Huffman, a young man of Burling-
ton, O., states that he had been under the care of
two prominent physicians and used their treat-
ment until he was not able to get around. They
pronounced his case to be Consumption and In-
dication. He was persuaded to try Dr. King's New
Discovery for Consumption, Coughs and Colds
and at that time was not able to walk across the
street without resting. He found before he had
used half of a dollar bottle that he was much bet-
ter; he continued to use it and is to-day enjoying
good health. If you have any throat, lung or
chest trouble try it. Trial bottle free at A. R.
